

Hi. Marge here. I've always believed in transparency on the web and so I am disclosing that I've included certain products and links to those products on this site that I will earn an affiliate commission for any purchases you make. My goal with the website and podcast is to educate people on the endless possibilities that exist in the world of cannabis edibles and it takes a lot of work to make it happen! By using the affiliate links you are helping me keep the show afloat and this is a no extra charge for you.

I only promote those products or services that I have investigated and truly feel deliver value to you. Examples include Magical Butter Machine or Goldleaf, both of which I use on a regular basis and have for some time, even before the creation of the show.

Bite Me is also a participant in the Amazon Services LLC Associates Program, an affiliate advertising program designed to provide a means for sites to earn advertising fees by advertising and linking to Amazon.com.

If you have any questions regarding the above, please do not hesitate to contact me by using the contact page. Thanks for reading.

Stay high,

*Marge*
